

Monthly HANGAR FLYING SAFETY MEETING

GPS is a great tool, but there's more to it than "Direct to"! "Learn from the mistakes of others and avoid making them yourself". This month's hangar flying event will feature GPS for VFR! We are going to discuss how the Global Positioning System (GPS) works and how you can use it to make your next Visual Flight Rules (VFR) flight more enjoyable, efficient and safe. Unlock all the tools at your disposal! Light snacks, soda and water generously provided by TRUE COURSE FLIGHT SCHOOL! Click on the link below and register TODAY!

Directions: Meeting in the TRUE COURSE FLIGHT SCHOOL hangar.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
